**It's about**—discovering unity among Christians and churches in Byron Township through our greatest common denominator: the Bible.

### One Book...

...the Bible. As a worldwide bestseller, this is a book that many people respect but fewer actually read. During the One Book/One Body campaign, participants read one scheduled chapter each day—literally putting themselves on the same page!

### One Body...

...the Church of Jesus Christ. There are around 25 churches in Byron Township, representing many differences in practices and beliefs. Reading Scripture together gives us an opportunity to build our unity in Jesus Christ, while maintaining our unique characteristics.

#### Who should try it?

- Anyone who wants to be more familiar with the best-selling book of all time.
- Families looking for ways to connect with each other.
- People who want to strengthen their relationships with Jesus, family, church, and neighborhood. People who want to build community! As we embark on this journey of discovery together, we may find ourselves—all differences included—growing closer together.

#### What are the goals?

- That many will successfully complete the Bible readings in 2011.
- That this will build our sense of community in Jesus Christ.
- That this adventure will be as multi-denominational, multi-generational, and multi-racial as possible.

#### Where would I get more information?

1. From the person who gave you this card.
2. From your church or pastor.
3. From local coordinator Pastor Jim Heethuis, 437-1712 or [jheethuis@path2jesusway.org](mailto:jheethuis@path2jesusway.org)
